

Sweet Potato and White Potato Surprise

3 White Potatoes
3 Sweet Potatoes
Onion
6 cloves crushed garlic

Wash potatoes under cold water. Do not peel but just slice all six potatoes.

Place in a 12 inch greased dutch oven. Sprinkle garlic all over potatoes. Follow with sliced onions or diced (however your family will eat them).

Put a lid on and add 1 heaping coop of coals to the lid. If you're stacking, this can go on the chicken and you will have a lot of coals on top and bottom for your potatoes.

These will cook quickly and should be perfect in 20 minutes.
